FUNDED BY THE SCOTTISH GOVERNMENT

Ms H from Cowal "We've bought less LPG gas, approximately saving 375 litres, (price varies) in a year. Average price of that amount is about £350"

Mr W from Machrihanish "Yes - we have reduced our THTC monthly bill by around £100"

Mrs MacW from Dunoon ".....I pay a joint gas and electricity bill which has gone from £280 per month to £150 per month and I am still in credit for both gas and electricity"

Mr MacD from Mid-Argyll
"Yes- my bills are down by
 $\frac{1}{3}$ rd"

Ms MacK from Arrochar "Yes. Estimate savings of over £1,000 due to combination of external insulation and installation of heat pump"

Ms E from Mid-Argyll "A little, but difficult to estimate as I was using different kinds of fuel, which I don't know. My direct debit has reduced from £110 to roughly £80 this month. Such a treat not to have to carry heavy buckets of coal, etc. Thank you very much"

Mr H from Rothesay
"Around 25% £40-
£50pm

Ms S from Ardrishaig "My energy bill has reduced by two thirds. From well over £300 a month to £110 in the winter, £65 a month in the summer
